EXPERIENCE

INSTRUCTIONAL DESIGNER

Prosper Marketplace

2016 - 2020, 2022 - Present

- Developed and implemented over 50 eLearning programs using Articulate Storyline and Canva, achieving a 30% increase in learner engagement through the application of modern instructional technologies and methodologies.
- Streamlined new hire onboarding by designing a structured training process that reduced proficiency time by 40%, utilizing ADDIE model principles to enhance efficiency.
- Designed an instructional "Welcome Packet" for clients that improved project management by 25% and increased client satisfaction through targeted content development and layout design.
- Evaluated learner performance through data analytics from Reach 360 and LearnUpon, tailoring content and refining assessment strategies to achieve a 50% increase in engagement.

OPERATIONS SUPPORT SPECIALIST

Western State Bank

2020 - 2022

- Enhanced new employee onboarding by 30% and team proficiency through tailored instructional strategies using Adobe Creative Suite.
- Successfully conducted training sessions enhancing productivity by 20% and facilitating new employee integration with blended learning and interactive content.
- Identified key training gaps through learner feedback and analytics, then developed targeted eLearning modules that addressed these gaps, boosting team performance by enhancing skill-specific knowledge.
